**Laser, Beauty
& Nail Clinic**

NEW PRODUCT FROM **dermalogica**[®]
a skin care system researched and developed by The International Dermal Institute

Dermalogica, the skin health experts, announce the launch of **ChromaWhite TRx**, a new, synergistic skin **brightening** system that works to lessen the appearance of **hyperpigmentation** in as little as 8 weeks. The primary mission of the new product line: to target current pigmentation while protecting skin against further development of hyperpigmentation, for a more consistent, **brighter skin tone**, **improvement of darkened areas**.

Telephone to arrange a **FREE** face mapping analysis and discuss this fantastic range of products with one of our dermalogica trained skin care professionals. Suitable for all skin tone.

Lafferty Camm COSMETICS

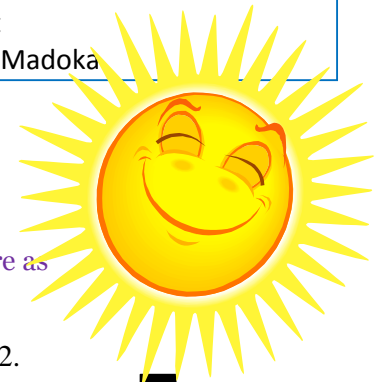

Chris Lafferty can also offer **Chemical Skin Peels** as well as Muscle relaxing injections (Botox), Dermal Fillers, Restylane, Juvederm, Lip enhancement, Wrinkle reduction, Non surgical breast/buttock enhancement

Contact 01332 348727 to arrange a **FREE consultation** at Madoka
